

Public Health Bulletin. 2nd April 2019

Produced by NHS libraries in Thames Valley and Wessex

Please find below a list of news items from the past fortnight that may be of interest to those involved in public health. This Bulletin provides topical news and reports of relevance to public health teams, community health practitioners and anyone with an interest in health promotion. All content and links are provided for information only and we do not sponsor, endorse or otherwise approve of any mentioned website or the contents of the news items. Please refer to the terms and conditions of the relevant website should you wish to reproduce any of the information.

Details of alternative current awareness services which cover more academic/specialist sources of information can be found in the section *Other Bulletins*. Your local NHS library service can assist you in accessing other current awareness services/tailored alerts, locating peer reviewed journal articles and answer any other queries you may have regarding finding information.

The information about each news item only gives a brief overview so we recommend you view the original source by clicking on the title (or Ctrl+Click in the word document).

Please contact your local NHS library service if you no longer wish to receive this Bulletin, or if you know of anyone else who would like to join the mailing list. The Bulletins are also available on the Thames Valley Public Health Network at: <http://www.oxsph.org/bulletins.html> and the Wessex Public Health Network at: <http://www.wessexphnetwork.org.uk/resources/public-health-updates.aspx>

Alcohol misuse

Majorca in drive to rein in boozy tourists

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The resort city of Palma in Majorca is restricting alcohol in some popular areas, including the beach, in a drive against drunk tourists.

The 'Angels' helping party-goers stay out of hospital

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Specially-trained volunteers for the Soho Angels are working to reduce violence and keep late-night revellers safe during London's busy nights, helping people gain medical attention with help from paramedics and nurses.

How many cigarettes in a bottle of wine?

28 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Drinking one 750ml bottle of wine a week increases the risk of developing cancer over a lifetime by the equivalent of 10 cigarettes a week for women and five for men, a study says.

Funding awarded to 23 projects to help those affected by alcohol

22 Mar 2019

Source: British Liver Trust:

<https://www.britishlivertrust.org.uk/>

Local authorities across the country will use £6 million funding to increase access to alcohol treatments, with a focus on helping parents and rough sleepers.

More adults seeking support for alcoholic parents

31 Mar 2019

Source: BBC News: https://www.bbc.co.uk

The number of adults seeking help to cope with an alcoholic parent has tripled over five years, according to a leading charity.

The Alcohol Change UK Conference 2019: New insights into alcohol research, policy and practice

Mar 2019

Source: Alcohol Change UK: <https://alcoholchange.org.uk/>

This conference will look at the evidence on alcohol use and harms across the UK and the policies that have the potential to drive change.

Alcohol: Are we Kidding Ourselves?"

25 Mar 2019

Source: Balance: <http://www.balancenortheast.co.uk/>

Are we kidding ourselves when it comes to alcohol? That's the question being raised as a new report released today highlights the North East's drinking habits.

Children and young people

People don't become 'adults' until their 30s, say scientists

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/> People

don't become fully "adult" until they're in their 30s, according to brain scientists.

Children's growth patterns 'predict obesity risk before age 5'

27 Mar 2019

Source: NHS Website: <https://www.nhs.uk>

"Weighing children when they start school is already too late," reports the Mail Online.

Italy home circumcision kills child

24 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A five-month-old boy has died after parents performed a circumcision at their home in Italy, officials say.

Story time with e-books 'not as helpful' as print books

25 Mar 2019

Source: BBC News: https://www.bbc.co.uk

Parents and children interact less when reading electronic books together than printed ones, a study suggests.

Breast ironing awareness 'needed in school'

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Breast ironing awareness should be made part of the mandatory school curriculum to protect young girls from abuse, the National Education Union has said.

City air pollution 'link to teenage psychotic experiences' explored

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Psychotic experiences - such as hearing voices or extreme paranoia - are more common in teenagers living in cities with high pollution than those in rural areas, a study of young people in England and Wales suggests.

Ask children about social media use, psychiatrists urged

30 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Psychiatrists are being urged to ask children with mental health issues how long they spend online and what they use social media for.

Girl-Kind project boosting North East girl power

29 Mar 2019

Source: Economic and Social Research Council:

<https://esrc.ukri.org/>

The project creates a space for girls themselves to explore these contradictions, without imposing assumptions about what these statistics tell us about their own experiences.

What to expect after vaccinations

29 Mar 2019

Source: Public Health England: <https://www.gov.uk/>

This leaflet tells you about the common side effects of vaccinations that might occur in babies and young children up to 5 years of age.

Chronic conditions

Cancer doctor shortage 'puts care at risk'

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A shortage of cancer doctors will hamper the ability of the NHS to provide cutting-edge care, experts are warning.

Parkinson's smell test explained by science

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A Scottish woman who astonished doctors with her ability to detect Parkinson's disease through smell has helped scientists find what causes the odour.

[Drinking very hot tea linked with risk of 1 type of oesophageal cancer](#)

21 mar 2019

Source: NHS Website: <https://www.nhs.uk/>

"Drinking piping hot tea or coffee could 'double your risk of developing tumours in the oesophagus'," reports the Mail Online.

['Baby Grady' gives fertility hope to boys with cancer](#)

22 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Scientists say they have made a significant leap towards helping boys with cancer stay fertile, thanks to a baby monkey called Grady.

['I feel I can just soar through my life'](#)

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Laura Dunion is one of the first NHS patients with type 1 diabetes to get a new insulin pump that uses artificial intelligence to monitor her blood, so that her sugars stay within normal range.

[Dogs can smell epileptic seizures](#)

28 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

French scientists say they have proof that dogs can pick up the smell of an epileptic seizure.

[Promising lung cancer treatment approved for Cancer Drugs Fund](#)

28 Mar 2019

Source: NICE: <https://www.nice.org.uk/>

A promising new lung cancer treatment will be available on the NHS through the Cancer Drugs Fund, thanks to a new NICE recommendation.

[NICE publishes a summary of its guidance and other safety advice on valproate](#)

28 Mar 2019

Source: NICE: <https://www.nice.org.uk/>

NICE has today (28 March) published a summary for healthcare professionals bringing together all its recommendations and other safety advice on the drug valproate.

[Preventing amputations major concern as diabetes numbers rise](#)

02 Apr 2019

Source: Public Health England: https://www.gov.uk

New data reveals overall number of amputations increasing with white males having the highest rate.

[Parenteral versus oral iron therapy for adults and children with chronic kidney disease](#)

Mar 2019

Source: The Cochrane Database of Systematic Reviews: <https://www.cochranelibrary.com/>

To determine the benefits and harms of IV iron supplementation compared with oral iron for anaemia in adults and children with CKD, including participants on dialysis, with kidney transplants and CKD not requiring dialysis.

Communicable diseases

[Mumps outbreak at Nottingham universities](#)

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

More than 220 suspected cases of mumps have been reported at two universities, Public Health England (PHE) has said.

[New York county declares measles outbreak emergency](#)

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A county in New York state has declared a state of emergency following a severe outbreak of measles.

[Tuberculosis cases in England hit lowest ever levels](#)

22 Mar 2019

Source: Public Health England: <https://www.gov.uk/>

New cases of tuberculosis (TB) in England have fallen to the lowest levels since records began.

[Every hour 30 people are diagnosed with tuberculosis in the European Region. It's time to make TB a disease of the past](#)

19 Mar 2019

Source: European Centre for Disease Prevention and Control: <https://ecdc.europa.eu>

The latest ECDC-WHO report Tuberculosis surveillance and monitoring in Europe 2019 (2017 data) shows that despite an overall decline in numbers of people suffering from TB, the disease remains a major public health challenge in the Region.

[Parents encouraged to be aware of scarlet fever symptoms](#)

28 Mar 2019

Source: Public Health England: https://www.gov.uk

Scarlet fever is a seasonal bacterial illness that is common at this time of year, mainly affects children, and is easily treated with antibiotics.

Diet & nutrition

['Just one sugary drink a day' linked to health problems](#)

19 Mar 2019

Source: NHS Website: <https://www.nhs.uk/>

"Drinking just one sugary drink a day raises your risk of dying from heart disease and even cancer, research suggests," the Mail Online reports.

Disability

[Supporting disabled people to work](#)

28 Mar 2019

Source: National Audit Office: <https://www.nao.org.uk/>

Some 7.6 million working-age people in the UK identify as disabled. Although the number of disabled people who are employed is rising, disability and long-term health problems continue to be associated with greater poverty, lower educational attainment and reduced access to work.

Drug Misuse

[Daily use of high-strength cannabis increases risk of psychosis](#)

20 Mar 2019

Source: NHS Website: <https://www.nhs.uk/>

Researchers have estimated that people who use high-strength cannabis daily are 5 times more likely to have a first episode of psychosis.

[Crack use up in England after 'aggressive marketing'](#)

25 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

"Aggressive marketing" by drug dealers who send out targeted text messages and give free samples could be one of the reasons for a rise in crack cocaine use in England, researchers have said.

PHE publish investigative report on increasing crack use

25 Mar 2019

Source: Public Health England: <https://www.gov.uk/>

Public Health England and the Home Office have published an investigative report on the rise in crack cocaine use in 6 areas of England.

Pregabalin/Lyrica reclassified to a class C drug

01 Apr 2019

Source: BBC News: <https://www.bbc.co.uk/>

A prescription drug linked to 33 deaths in 2017 in Northern Ireland will now be treated as a class C drug.

Chemsex: Brits more likely to combine drugs with sex, survey finds

02 Apr 2019

Source: BBC News: <https://www.bbc.co.uk/>

People in the UK are more likely to combine drugs with sex than those in the US, Canada, Australia or Europe, according to a survey.

Environmental health

Weedkiller glyphosate a 'substantial' cancer factor

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A US jury has found that one of the world's most widely-used weedkillers was a "substantial factor" in causing a man's cancer.

Are children's ball pits really 'riddled with killer germs'?

25 Mar 2019

Source: NHS Website: <https://www.nhs.uk/>

"Children's ball pit play areas contain dozens of killer germs," reports the Mail Online.

Lip fillers: 'Perfect storm' due to lack of regulation

28 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

"It got to the point where my lip was actually starting to go up to my nose, it got so bad I could actually feel them starting to split."

What does air pollution do to our bodies?

02 Apr 2019

Source: BBC News: <https://www.bbc.co.uk/>

The countdown has begun to the launch of one of the world's boldest attempts to tackle air pollution.

Health services administration

Communication at infection outbreak hospital 'not great'

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Communication between infection control nurses and maintenance staff at a Glasgow hospital hit by a series of outbreaks was "not particularly great", MSPs have been told.

Medicinal cannabis: 'Patients still in limbo'

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Most patients seeking medicinal cannabis on the NHS will not be able to get it soon, despite recent changes in regulation that allow doctors to give it, a committee has heard.

Unprecedented drug shortage linked to Brexit, NHS bosses say

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Hospitals across England are experiencing medicine shortages because of "stockpiling and price pressure as the Brexit deadline approaches", NHS Providers has told BBC Newsnight.

NHS 'no chance of training enough staff'

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The NHS in England has no chance of training enough GPs and nurses to solve the shortages it faces, experts say.

'No consent' for teeth removal op on woman who later died

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The mother of a disabled woman who died after all her teeth were removed says she did not consent to the operation.

Assisted dying: Doctors' group adopts neutral position

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Hospital doctors have dropped their 13-year opposition to the concept of helping terminally ill patients die.

Advertising watchdog rules fake autism 'cure' adverts must stop

22 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Advertising watchdog the Advertising Standards Authority (ASA) has ordered 150 homeopaths operating in the UK to stop claiming they can cure autism.

Transplant service at 'breaking point'

24 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Prof Nizam Mamode is chairman of the chapter of surgeons, at the British Transplantation Society. He told the programme that the transplant service is "more than creaking". He says availability of intensive care beds, difficulty accessing operating theatres, staff shortages and the provision of out-of-hours services are putting additional pressures on a service struggling to keep up with demand.

Brexit: Flu vaccine 'could be airlifted into UK'

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Drugs company Sanofi has plans to fly supplies of flu vaccine into the UK if other transport routes are disrupted after the country leaves the EU.

Minister targets anti-vaccination websites

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Health and Social Care Secretary Matt Hancock wants new legislation to force social media companies to remove content promoting false information about vaccines.

NHS to pay up to £6.2m to man brain-damaged in childhood

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A man in his 20s, left disabled by a childhood brain infection, has won an NHS compensation package worth up to £6.2m.

[Take over pharma to create new medicines, says top adviser](#)

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Part of the drugs industry should be taken over to make new antibiotics, an influential economist has argued.

['I had my misgivings about going abroad for surgery'](#)

28 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Yet before people in the UK feel relieved about having the National Health Service, with its free at the point of delivery service, more and more Britons are also going abroad for treatment.

[Urgent investment needed to halt decline in children's health visitors](#)

21 Mar 2019

Source: Local Government Association:

<https://www.local.gov.uk>

Children's health visitors have seen a significant fall in numbers and investment is urgently needed to help safeguard the future of our youngest generation, councils say today.

[CQC has today published updated data profiles for local authority areas in England](#)

21 Mar 2019

Source: Care Quality Commission: <https://www.cqc.org.uk>

The local authority area data profiles bring together data to give an indication of how different services work together, providing a picture of the health and social care system in each local authority area.

[New agreement between CQC and the Healthcare Safety Investigation Branch \(HSIB\)](#)

02 Apr 2019

Source: Care Quality Commission: <https://www.cqc.org.uk>

CQC and the Healthcare Safety Investigation Branch (HSIB) have today published a new Memorandum of Understanding (MoU) agreement.

HIV & AIDS

[Scotland urged to eliminate new HIV transmissions by 2030](#)

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Scotland has a chance to eliminate new cases of HIV if it avoids complacency in the fight against the virus, according to a charity.

Men's health

[Male pill - why are we still waiting?](#)

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A birth control pill for men has passed initial human safety tests, experts at a leading medical conference have heard.

Mental health

[Instagram eating disorder content 'out of control'](#)

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Content on Instagram that encourages eating disorders is "spiralling out of control", psychiatrists have warned.

[Crippling debt 'linked to depression'](#)

25 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

People with mental health issues are three-and-a-half times more likely to be in problem debt than those without such conditions, analysis suggests.

[New brain cells made throughout life](#)

25 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

People keep making new brain cells throughout their lives (well at least until the age of 97), according to a study on human brains.

[Jump in antidepressant prescriptions in England](#)

28 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

A total of 70.9 million prescriptions for antidepressants were dispensed in England in 2018.

[One in three children are living with a parent in emotional distress](#)

20 Mar 2019

Source: Understanding Society:

<https://www.understandingsociety.ac.uk/>

New analysis by Public Health England has found that 29% of children live in a household where at least one parent is reporting symptoms of emotional distress.

[Improving young people's experiences in transition to and from inpatient mental health settings A quick guide for mental health practitioners supporting young people](#)

Mar 2019

Source: NICE: <https://www.nice.org.uk>

NICE and the Social Care Institute for Excellence have published a guide to help practitioners prepare for a planned admission and or discharge from inpatient mental health services. It covers planning for admission, preparing for discharge, and care and support after discharge.

Obesity

[First weight-loss surgery unit planned for Northern Ireland](#)

19 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The Department of Health is considering setting up Northern Ireland's first dedicated weight-loss surgery unit.

[Easter eggs 'being pushed too early in shops'](#)

29 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Calorie-filled Easter eggs are being sold in shops far too early and that is tempting parents to buy unhealthy treats for their children, a public health body says.

Oral health

[NHS dentist charges rise by 5% in England](#)

01 Apr 2019

Source: BBC News: <https://www.bbc.co.uk/>

An inflation-busting hike in dentistry fees mean NHS patients in England will pay £1.10 extra for a routine check-up.

Physical activity

[Can exercise reverse the ageing process?](#)

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The greater health of older exercisers compared to their sedentary counterparts can lead people to believe physical activity can reverse or slow down the ageing process.

[Does prolonged sitting really kill 70,000 people a year in the UK?](#)

26 Mar 2019

Source: NHS Website: <https://www.nhs.uk/>

"Is sitting really the new smoking? Alarming new research claims 70,000 deaths a year are caused by our increasingly sedentary lives," reports the Mail Online.

Screening

[Cervical screening: DIY smear test could be 'game-changer'](#)

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Women are to be offered the chance to carry out smear tests at home in a bid to cut the rates of cervical cancer.

[Newborn hip checks 'have failed to prevent late diagnosis'](#)

29 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The current system of checking newborns for hip problems is failing, resulting in too many late diagnoses and corrective surgery, a study suggests.

[Breast screening: Hologic Affirm Prone Biopsy System](#)

27 Mar 2019

Source: Public Health England: <https://www.gov.uk/>

Practical evaluation of the Hologic Affirm Prone Biopsy System used in the NHS breast screening programme.

Sexual health

[ESRC funds fourth wave of internationally-renowned National Survey of Sexual Attitudes and Lifestyles](#)

19 Mar 2019

Source: Economic and Social Research Council:

<https://esrc.ukri.org>

The National Survey of Sexual Attitudes and Lifestyles begins its fourth study on sexual health and well-being in Britain, led by researchers from UCL in collaboration with the London School of Hygiene & Tropical Medicine, the University of Glasgow and NatCen Social Research.

[MPS vote in favour of inclusive statutory relationships and sex education](#)

28 Mar 2019

Source: Family Planning Association: <http://www.fpa.org.uk/>

Last night MPs approved new statutory guidance in a landslide win for inclusive Relationships Education, Relationships and Sex Education and Health Education.

Smoking

[San Francisco moves to ban e-cigarettes until health effects known](#)

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Officials in San Francisco have proposed a new law to ban e-cigarette sales until their health effects are evaluated by the US government.

[E-cigarettes 'do not promote smoking in teens'](#)

02 Apr 2019

Source: NHS Website: <https://www.nhs.uk/>

"The sharp increase in the use of e-cigarettes has not led more British children to take up cigarettes or regard smoking as normal," The Guardian reports.

Social & economic issues

[Serious youth violence summit to launch public health duty to tackle serious violence](#)

01 Apr 2019

Source: Home Office: <https://www.gov.uk/>

Sajid Javid will today launch a consultation to ensure public bodies, including hospitals, raise concerns about children at risk of becoming involved in knife crime.

[Surgeons who want you to touch knife crime](#)

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Stuffing your hand into the fleshy slime of someone's stomach on an operating table is going to grab anyone's attention.

Statistics

[Life expectancy drops among poorer women in England](#)

27 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The life expectancy of women living in the poorest areas of England fell by 100 days in recent years, Office for National Statistics data suggests.

Women's health

[Gestational diabetes: Women left at risk, say researchers](#)

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Women are being left at risk of stillbirth due to a lack of proper screening for gestational diabetes, new research suggests.

[Childcare offered for free to smear-test mums](#)

20 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Dozens of childcare providers across the UK are offering to look after children for free to enable mothers to attend cervical screening appointments.

[Testosterone rules for female athletes 'unscientific'](#)

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

New rules to reduce naturally high testosterone levels in female athletes have been branded "unscientific".

IVF ethics pioneer Mary Warnock dies

21 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

The philosopher and IVF ethics pioneer Baroness Mary Warnock has died at the age of 94.

Detailed images of baby heart inside the womb

23 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Researchers have produced unprecedented images of a baby's heart while it is still inside the womb.

Coroners could investigate stillbirths, say ministers

26 Mar 2019

Source: BBC News: <https://www.bbc.co.uk/>

Coroners in England and Wales may be given new powers to investigate stillbirths, so that each baby death is independently assessed.

How to create a period-friendly workplace

27 Mar 2019

Source: BBC News: https://www.bbc.co.uk

A football app start-up in Gothenburg is set to become the first business in Sweden to be certified as menstruation-friendly. But how much do employees really want to talk about their periods?

Bristol bowel mesh operations 'should not have gone ahead'

27 Mar 2019

Source: BBC News: https://www.bbc.co.uk

Almost half of patients who were given a controversial type of bowel surgery should not have been operated on, a hospital trust has admitted.

Bangladesh woman with two wombs has twins one month after first birth

28 Mar 2019

Source: BBC News: https://www.bbc.co.uk

A Bangladeshi woman has given birth to twins almost one month after delivering a premature baby boy, her doctor told the BBC.

NHS to offer mums-to-be new blood test for pre-eclampsia

02 Apr 2019

Source: BBC News: https://www.bbc.co.uk

Pregnant women in England will be able to get a new type of blood test to check for the potentially life-threatening condition pre-eclampsia.

Vaginal mesh ban can be lifted with changes, NICE says

02 Apr 2019

Source: BBC News: https://www.bbc.co.uk

Controversial vaginal mesh implants can be offered again on the NHS in England once certain conditions are met, health watchdog NICE has said.

Pregnancy and early life: reducing stillbirth and infant death

02 Apr 2019

Source: Public Health England: <https://www.gov.uk/>

A planning tool to examine factors that influence stillbirth and infant death at the population level, rather than in individual clinical care.
